

PGD in FASHION CRAFT AND ENTREPRENEURSHIP

PROGRAMME
BROCHURE

Our Vision

To weave innovation, sustainability, and adaptation into every facet of learning, cultivating responsible leaders for a resilient future.

Our Mission

To empower a diverse community of learners to explore and create solutions for the pressing challenges of our time. Through innovation in teaching, research, and community engagement, we promote continuous improvement and global citizenship. Guided by principles of sustainability and adaptability, we commit to environmental stewardship and ethical resource management, shaping a future that reflects our values.

About Us

Established in September 2020, Colombo Graduate Campus is a limited liability company.

The Colombo Graduate Campus (CGC) is a prestigious educational institution offering a diverse array of academic and professional programs to both Sri Lankan and international students.

The Colombo Graduate Campus (CGC) features a comprehensive One-Stop Centre in Kollupitiya, Sri Lanka, dedicated to assisting international students seeking higher education in both public and private institutions abroad, as well as in language and training centers. This center, strategically situated in Kollupitiya, is easily reachable via multiple transport options. Furthermore, CGC extends its services across several key locations in Sri Lanka, including Colombo, Jaffna, Kandy, Batticaloa, and Galle. The professional certifications are provided by CGC's training division called Phoenix Professionals.

The Colombo Graduate Campus (CGC) boasts prestigious partnerships with esteemed international colleges and universities. Renowned institutions such as Qualifi, OTHM, and Microsoft Certifications are among the diverse programs we facilitate in Sri Lanka. Thanks to our strong collaborations with these global affiliates, we take immense pride in having fostered opportunities for over 700 undergraduate and postgraduate students in a relatively short timeframe, predominantly in the disciplines of Management, IT, and Languages.

A Message From Course Director

This postgraduate programme offers a rigorous yet creative curriculum that bridges design, craft, and entrepreneurship. Through structured modules, critical inquiry, and practical application, participants will gain the knowledge and skills to thrive in today's evolving fashion industry.

Ms. Yasisurie Kiribandara
Course Director
